Dear Members,

We have the pleasure in sending you the updated draft agenda rev 02 for the upcoming meeting of Working Group 2 of the European Garage Equipment Association, to be held on

Thursday 31st March 2011, 10h00 ~ 17h00

EGEA Offices

Boulevard de la Woluwe, 42 bte 5 – 1200 Brussels
Tel.: +32 2 761 95 10, Fax: + 32.2.762.12.55

Draft Agenda - Rev02 (changes highlighted in green)

1. Welcome and Roll call

2. Euro 5 Regulation

- 2.1. State of affairs on the Guidance Paper on the interpretation of the Euro 5 Regulation list on OBD data for diagnostic tool producers.
- 2.2. Exchange of views on replies from vehicle manufacturers to tool manufacturers having asked for Euro 5 - OBD data.
[Note of the Secretariat: Referring to our circular mail of July 2010 suggesting to approach vehicle manufacturers for the Euro 5 data, we would like to hold a first exchange of views on possible first feed-back from VMs: how were the reactions, were there any contract offers, where are problematic points in these contracts? Only general indications are requested, no commercial or confidential details of course.]
- 2.3. Validation of VCIs: technical implementation and next steps.
[Note of the Secretariat: Exchange of views among participants: Is everything clear with view to what is needed for a validation process or do you see the need for a specific approach?

3. Euro VI Regulation for Heavy Duty Vehicles (HDV)

- 3.1. Report on meeting organised by the European Commission between AFCAR and ACEA on access to Repair and Maintenance Information (RMI) and OBD information held on 25th February 2011. VMs' strategy.
- 3.2. EGEA position on VMs' strategy and next steps.

4. Information on revision of the 'PTI/Roadworthiness Testing' Directive 2010/48/EU:

- 4.1. Presentation and state of affairs of the TEDDIE Study - "Study on a new emission test for diesel at roadworthiness test using NO/NO₂" (extended meantime to particulate measurement technique).

- 4.2. **Short information of the Chairman on ASA activities on particulate measurement (emission 2010, UBA, PTB)**
- 4.3. **Reference to the plate values: state of affairs in respective EU countries and future potential issue.**
- 4.4. Efficiency testing of electronic components (ABS, ESC) - Short presentation of EGEA proposal elaborated by WG 26.

5. Car brake testers and interface protocols for OBD data

6. Brief state of Revision of Measuring Instruments Directive (MID) 2004/22/EC

7. Rules of Procedure for the EGEA Working Groups

8. Any other business

9. Date of next meeting

Please note that a sandwich buffet will be served during the lunch break.

Looking forward to our common gathering and to fruitful discussions,

With kind regards,

Sylvia Gotzen
Secretary General
