Issues: Implementation of Standard EN1493:2010

➤ **Standard EN1493:2010**

- Load distribution on two post lifts
- Single post operation mode in mobile column lifts
- Safety related parts in lifts with several drives

➤ **Compliance - Application of Standard by NB's and local Authorities in different EU countries**

➤ **Potential conflict between EN1493 and Directive 2010/48 about the presence of persons on the lift during roadworthiness inspection procedure**

➤ **Test on arm locking device in UK**

Next Steps

- **In depth examination on potential conflict between EN1493 and Directive 2010/48**
- **Next EGEA WG1 meeting**
- **Distribution of Leaflet WG 1 / EN 1493:2010**
- **WG 1 Members list**

Thank you!
